

Alan Simpson's Soft Food Recipe & Preparation

The Food Supplements may be mixed with dry seed or provided in Alan Simpson's soft food mix. Breeding birds will climb the wire in eagerness to eat this tasty and highly nutritious soft food mix. This soft food will help any parrots that share a cage with finches. Additional E-powder and F-vite may also be provided in small dishes where they are eaten as required.

Ingredients

- * High protein Breeding Crumbles - 1 cup (250gm)
- * Turbobooster - 20-40ml - more is better
- * Quik gel - 2mls dissolved into 10mls of warm water
-or add 1drop into each 100ml of drinking water
- * E-powder - 50 -100gm - more is better
- * F-vite - 20gm (2 tablespoons)
- * Eggs - Up to 12 hard boiled eggs - number by availability
- * Boiled Couscous - 1 cup Optional extra for canaries

Frequency of Soft food Administration

- * Breeding Pairs - Each day
- * Juveniles - Each second day
- * Moulting Period - Each second day
- * Non-breeding birds - For two days each weekend
- * Austere Period - For two days each weekend

Preparation of Soft Food

Step 1

Use a fork to mix Turbobooster and Quik gel throughout Breeding Crumbles, then rotate sealed container vigorously to complete mixing process. Place in a refrigerator overnight in a sealed container in readiness for a morning feed.

Measure

Add

Mix

Agitate

Refrigerate

Step 2

Next morning the breeding crumble mixture will be dry. At this time mix in E-powder & Fvite thoroughly. The eggs are boiled immediately prior to this process.

Next morn

Boil eggs

Add E-powder & F-vite

Agitate

Step 3

Process the eggs using a mouli (or food processor) directly into the container then mix by rotation into the soft food mixture. The final product is light, velvety and fluffy to touch. Canary breeders may then mix in Couscous.

Mouli

Process eggs into mix

Agitate

Finished

Step 4

Final product placed in finger drawers. Enjoy the results of increased fertility, health, size and vitality. For canaries, boiled couscous may also be mixed into this soft food.
